19,000 RATION BOOKS 2-ISSUED IN CALLOWAY

Point System Goes Into Use All Over Nation

The Nation's most extensive rationing program went into effect at 12:01 last Monday morning with the retail sale of a long list of commercially processed foods restricted to coupon buying.

Approximately 19,000 Point Ration books were issued in Cal- loway county last week, the local ration office said yesterday. The work of registering the people here went along very smoothly, the task being much simpler than it was first believed it would be.

Under the point rationing system, designed to insure fair distribution of foods to consumers, rationed foods are now being sold in exchange for stamps in War Ration Book No. 2. The new book was distributed to every man, woman and child in America last week.

War Ration Book No. 1 is still being used for the purchase of coffee, sugar and shoes.

The ration, as fixed by the point values, will reduce consumption of restricted foods to less than one-half of the amount which civilians used during the year 1941-42. Because of the prospects for even heavier military needs on next year's production of these rationed foods, the ration values were de- signed to spread our present avail- able supply and all of our next year's supply over the whole period of March, 1943, through Sep- tember, 1944-19 months.

As an example of the stringency of the supply, Administrator Brown pointed out that the individual avail- able of 48 points for one month would permit the purchase of one can each of peas and tomatoes in the popular No. 1 size can, in ad- dition to one No. 2 1/2 can of peaches. The exact amount of the ration, of course, will depend on the items selected; choice of the lower point items resulting in the larger ration.

"The civilian population of the United States," Mr. Brown said, "will have 254 million cases of canned fruits and vegetables avail- able for their use from March 1 to the end of September, 1944. This will mean a little more than 13 million cases a month for civilian consumption for the next 19 months. The civilian population had almost 30 million cases a month for their use during the 1941-42 year."

"This means we will be eating less than half as much canned and processed foods as we ate the previous year. We'll do on this ration so that our fighting forces and the fighting forces of our al- lies may have the food they need to carry on."

Housewives are reminded of the following simple "points" on point rationing:

1. Each individual in the house- hold has 48 points to spend during March.
2. Home-canned foods are in no way affected.
3. The grocer must display promi- nently in his store the official point value table.
4. Borrowing or swapping can- ned goods with your neighbor is all right, but you cannot lend stamps.
5. Stamps must be removed in the presence of the grocer or his delivery boy. Detached stamps are invalid.
6. Spend larger stamps first— the eight and five. The grocer can't "make change" if you don't have the right denomination.
7. If your book is lost, stolen or destroyed, report it at once to the ration board.
8. If a member of your family enters the armed services, retain his ration books to the board. You may keep his gasoline ration book if you keep his car.

RUDY HENDON IS NEW FARM BUREAU HEAD

Roy Graham Named Vice-President; Many at Banquet

Rudy Hendon was elected pres- ident of the Calloway County Farm Bureau and Roy Graham vice-pres- ident at the annual meeting and banquet of the Bureau at the Woman's Clubhouse in Murray last Friday night.

Year before last Mr. Hendon was president of the local Bureau, and during the past year was vice-president. He succeeded J. Hanford Doran, who has been president during the past year.

Directors elected were, Hazel district, Marvin Hill and Edwin Dick; Swann district, E. L. Ky- kendall and J. Hanford Doran; Brinkley district, B. H. Dixon and H. G. Gingles; Murray district, Thomas Hargis and E. D. Shipley; Concord district, R. M. Duncan and C. R. Stubblefield; Liberty district, Clyde Phelps and Murray Ross; and Wadesboro district, O. V. Tidwell and B. W. Edmonds.

Kilgore Guest Speaker

Guest speaker of the evening was Ben Kilgore, retiring execu- tive secretary of the Kentucky Farm Bureau Federation. In his talk, Mr. Kilgore said, "You have the most glorious opportunity of any group in America to contrib- ute to victory. Farm people in America through organization will be in position to aid greatly in meeting problems of war and of a more complex peace that will follow, he said."

He said that this was his sec- ond last talk as executive sec- retary of the state organization; his last was Saturday night in Wayne county. (Mr. Kilgore's resignation became effective March 1.) He said that one of his principal aims during the ten years of his in- cumency as secretary was to train a high type of farm lead- ship for the Farm Bureau. Now, he felt that that had been accom- plished, that meetings such as the one he was then attending con- vinced him of it, and that it was time for him to step down and let the farmers run the Bureau them- selves—that it was time "to turn the leadership back to the farm people."

Rudy Hendon gave a talk on "Our Job Ahead and Mrs. Hanford Doran gave an account of her at- tendance at a recent national Farm Bureau meeting in Chicago. Mr. Doran gave a report as pres- ident and the secretary's report was read.

Dinner was served by the women of the Homemakers clubs to ap- proximately 150.

Indicative of the spirit with which Americans will respond to the 1943 Red Cross War Fund appeal is this poster by Wendell Kling, noted illustrator. The cheerful individual pictured is presently displaying the new Red Cross label tag, made from paper to help conserve metal for the war effort.

Future Farmers Invite City Boys to Spend Week-Ends on Their Farms

The boys of the Future Farmer chapter of the Murray Training School are extending an invitation to the boys of Murray 14 years of age or older to spend a week-end or so with them on their farms to learn something of farming and to enjoy farm life with them.

The plan is for each Future Farmer to have as his guest each week-end one boy from the city who would like to get out on the farm for a few days. The plan is to start Friday, March 12. The boy will go home with the Future Farmer Friday evening and stay until early Sunday morning at which time he will be brought back to his home in time to at- tend Sunday School and church.

While on the farm the boy will be shown how to do many things on the farm, such as milking a cow and doing other chores and in general getting acquainted with farm life and work. He would not of course be paid for what work he may do, but at the same time he will not have to pay for his room and board.

Any boy who wishes to spend a week-end or two or even more on the farm is asked to give his name and age to The Ledger & Times or get in touch with Prof. W. L. Brunkle at the Training School not later than Wednesday of the week he wishes to go.

The quota for April '43 \$31,000.

Sock and Buskin members have been aiding Alpha Psi Omega by working on the scenery. The score up to now on tulips con- structed for the tulip bed is 137.

Cold, Dry Weather Slows Weed Market

Cold weather this week has slowed down the local tobacco market. Dry weather conditions is also hindering farmers from fin- ishing their stripping and bring- ing the rest of last year's crop to market.

Last week a total of 422,420 pounds were sold on the four floors in Murray at an average of \$13.35 per cwt., with none going to the Association for the advance. No tobacco was pooled the first two days of this week either.

25,000,000 LBS. INCREASE IN TOBACCO ASKED

Nicotine Sulphate Needed for Use As Insecticide

The government is asking that 25,000,000 more pounds of tobacco be grown in the dark fired dis- trict this year than was grown last year, according to a report re- ceived in Murray. The tobacco, especially lugs and cheaper leaf, is needed for making nicotine sul- phate as an insecticide.

Before the war, roots containing insect-killing rotenone were used and were largely imported from the Far Pacific, though some ro- tenone-bearing roots came from Brazil and Peru are harvesting sources are shut off by war in the Pacific, and Axis submarines have cut South American imports to less than 3,000,000 lbs., although Brazil and Peru are harvesting the largest crop in their history despite labor shortages.

In 1943, farm experts estimate we ought to have upwards of 6,000,000 pounds of rotenone if we are to get even "normal" harvests of cabbage, potatoes, beans, peas, tur- nips, cauliflower and other veget- ables—so farmers are going to be 3,000,000 pounds short.

Lugs and cheaper leaf tobacco has been selling well this season for nicotine purposes.

It is reported that nicotine de- rived from tobacco has been ship- ped abroad to our Allies for use as insecticide and that soldiers are "tink it to fight 'cooties," scourge of soldiers in World War I.

REDBIRDS, COLTS WIN FIRST ROUND TILTS LAST NIGHT

Training School Puts On Last Half Rally To Noseout Almo

Eighth District net play opened here last night with New Concord swamping Hazel, 40-16, and the Training School Colts staging a grand second half rally, to nose- out the Almo Warriors, 28-27, in fast running play.

In the first game of tourney play, Hazel's Lions were unable to cope with the big three of New Concord—Coleman, Buchanan and Roberts who scored 9, 10, and 10 points respectively. After a slow first quarter which ended with Concord leading 5-3, the Redbirds speedily pulled into a comfortable margin and were ahead 28-8 at the half. The third quarter saw the East Siders holding a 29-12 mar- gin.

The lineups:
Concord 48 Psa. Hazel 16
Shepard 8 F. Strader 4
Coleman 9 F. G. Grogan 2
Buchanan 10 C. J. Grogan 5
Roberts 10 G. Miller 2
Albritten 2 G. Brandon
Subs: New Concord—Clipson, M. Shepard 1, Thompson, Bell, Hazel
F. Grogan 2, Foster, Key 1, G. Miller, Turnbow.

Training School 28, Almo 27
The Scalesmen of Murray Train- ing, using the old adage "a team that won't quit can't be best", put on a brilliant comeback after trailing 15-10 at the half, to con- quer a stubborn Almo quietest 28-27 in the final game of the even- ing.

Sparked by the three Emersons on the Warriors quint, Almo took an early lead and was out in front 8-6 at the quarter and 15-10 at the half-way mark.

The Colts opened the third quar- ter with a blistering offense that shoved them into a 22-15 lead by the close of the stanza. Almo started banging the net and with 3 and a half minutes left in the ball game were trailing the Mur- ray Training Jads 28-20 and made a bid for the lead until the final whistle.

For the Colts, Turnbow, Russell, and Windsor were outstanding. R. Emerson, C. Emerson and J. Em- erson each scored five points for Almo. Morris also hung up 5 markers and played a nice floor game for the losers.

The lineups:
T. School 28 Psa. Almo 27
Windsor 7 F. Culver 3
Wilson 5 F. Morris 5
Turnbow 9 C. Puckett
Griffin 7 G. R. Emerson 5
Russell 7 G. Burken 4

Subs: Training School—Poyner and Ward; Almo—C. Emerson 5, J. Emerson 5, L. Puckett.

In tonight's (Thursday) play, Lynn Grove will meet Kirksey at 7:30 o'clock and at 8:30 Murray Hill will oppose Faxon.

See the Schedule for Tourna- ment Play on Page 2.

NO PRODDING SALES PEOPLE

Of course, some effort may be used to close sales, and a reference to rationing, or slow deliveries by manufacturers is permissible. However, the buyer may ask why one is so anxious to sell. Rumors of immediate rationing of any special item is not known to the sales person, so use your own judgment about buying. Frenzied buying may not be profitable, but buying your needs is good judgment. Sales people must have a living and sales are their only salary support. Overhead expense, of certain fixed items in running a business, is unavoidable, regardless of the amount sold.

Come to see us in our new location — 302 East Main Street, Telephone 584.

The Farm Bureau's annual meeting was well attended and broad interest was manifested. Business men as well as farmers supporting the greatest single interest to Calloway county is agriculture. Its greatest support is the Farm Bureau.

To Conduct Series Of Meetings Here

Rev. E. K. Judy

"Eight Great Days," March 7 through March 14, will be conducted by the Rev. E. K. Judy in the Baptist Youth Revival.

Brother Judy, pastor of the Trinity Baptist Church at Paducah, will speak at Noon-Day Prayer Meeting at the college each day at 1:00 o'clock; at the First Baptist Church each evening at 7:30.

In the past few years, much great work has been done during these youth revivals. It can be done again this year if everyone will help by their prayers and presence.

Our lesson presents three results of drunkenness:
I. Military Defeat (1 Sam. 30:16, 17)

A crisis in the life of King David is related in this chapter. The Amalekites had taken Ziklag. The king and his army were pursued by a host of barbarous men far too strong for them to oppose. He inquired of God and was told to attack. With his little army of 400 men he defeated them. Why? Because in a drunken debauch they were celebrating the victory of the day before.

This was not the first, nor the last, time that military defeat followed indulgence in alcoholic beverages. It has happened even in the present war. In addition to the lesson "Will we avoid that danger?" In this country our armed forces and defense workers are constantly exposed to temptations which many of them fall, anyone may know who has eyes to see.

From distant battlefronts come disheartening reports that intemperance is among the "supplies" which find quick transportation to the very front, where they are soon put to their destructive use.

Bro. Judy comes to us with the record of having served 13 years as a high school principal and 17 years in the ministry.

Although this is called a Youth Revival everyone is urged to attend and hear God's word preached.

Methodists Answer War Need In Three-Fold Dedication

Self

Substance

Across the nation in 42,000 Methodist churches during the Week of Dedication, February 28 to March 7, eight million members of the denomination will be called by their bishops and pastors to rededication of "self, service and substance." Spiritual emphasis will be climaxed in a sacrificial offering on Sunday, March 7, which will be used to meet emergency war needs of providing Christian ministry or financial aid to men of the armed forces, "uprooted families" in industrial defense areas, refugees in war-torn countries, evacuated foreign missionaries, churches and schools in Latin America, and other projects created by wartime conditions.

SINKING SPRING CHURCH
T. G. Shelton, Pastor

My Church and I:
I have united with it in solemn covenant.
It is the home of my soul
I owe it my zeal, my benevolence and my prayers.
I this day renew my cooperation and service.
There are great blessings and privileges in the regenerating powers of God to help us live better lives.

"Now we have received not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God." 1 Cor. 2:12
Let's educate and feed the spiritual man that we may overcome the carnal, we can do that by attending all the services at God's house.
Our Bible School each Lord's day at 10 a.m. with good, competent teachers for all grades.
Prayer meeting Wednesday 7:30 p.m.
The W.M.S. will observe a day of prayer at the church at 10 a.m. Friday, March 5.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and empty urination with smarting and burning in action, right after something is done with the kidneys or bladder.

This should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won nationwide approval than on unproven and possibly harmful ones. Doan's have been tried and lauded many years. Are at all drug stores. Get Doan's Pills.

MURRAY BREDS WILL PLAY AT KANSAS CITY

5th Time in Six Years to Enter National Tourney

For the fifth time in six years, the Murray State Thoroughbreds will represent Kentucky and Tennessee in the National Intercollegiate Basketball Tournament at Kansas City, Mo., it was announced Tuesday by Coach John Miller.

The tourney this year will be held during the week of March 8-13.

With 17 victories in 18 regular season games, Murray this year has one of the best teams ever to represent this area. Carlisle Cutchin, former coach at Murray, is chairman of the 34th district of the National Intercollegiate Basketball Association. He has named Murray and Western as representatives of the district, but it is believed here that the Toppers will possibly not attend the Kansas City meet in view of the fact that they have already accepted the bid to Madison Square Garden.

In their first appearance in the Kansas City tourney in 1938, the Thoroughbreds, coached by Cutchin, took third place losing 35-29 to Roanoke College in the semi-finals. In 1939, they lost 42-40 to Manchester College in the second round. In 1941, led by Alk. American Bob Salmons and Durward Culp, the Cutchinmen took second place, losing 36-34 to San Diego State in the final round. Last year, under the coaching of Rice Mountjoy, the Breds were edged out in the first round 46-45 by Ada, Okla., College.

The Thoroughbreds were named out of the KIAC tourney at Richmond, Ky., last Saturday by the Western Hilltoppers in the semi-finals by a score of 42-39.

They won their earlier game in the tourney by defeating Centre College 69-42 Friday afternoon.

Our regular meeting will be held at the Woman's Club house Thursday night at 7:30 p.m. March 4—Dr. A. D. Butterworth.

Course to Start at Training School

A course in Food Production will begin at the Training School Monday evening, March 8, at 7:30 o'clock with Prof. W. H. Brooks in charge. Emphasis will be given to the raising of vegetables. Both men and women are invited to attend. The course is for farm men and women in this community, and also men and women of Murray who live in the neighborhood of the Training School.

NAVAL CADETS

(Continued From Page 1)

With white shoes and white socks," Lieutenant Wiley stated.

With about 450 cadets here at the present time, the local telephone company has installed two temporary phone collection booths in the barracks (ex-Well's Hall). On week-ends the phones have rung up a total of between \$400 and \$500 on calls placed by the cadets. One week-end, according to naval officers, saw the total approach \$600.

The purpose of the Flight Preparatory School, according to Lieutenant Wiley, is to complete indoctrination and elementary ground school work. Included in the activities of the cadets are studies such as mathematics, physics, aerodynamics, recognition, navigation, engines, communications, drill, athletics, and fundamentals of naval service.

Lieut. W. O. Baskin, Ensign George McGinnis, and Lt. John A. Springer have charge of the physical training. "This training includes participation in all sports," officers said.

"The boys participate in all activities rather than specializing in one particular type of sport. Good, bad, or indifferent—they all get in there and pitch," stated Lieutenant Wiley.

This training is designed to prepare the cadets for hand-to-hand fighting and body contact as well as to develop quick reactions, make them alert, put them in physical trim and keep them there.

Besides Lieutenant Wiley, there

are eight others commissioned officers stationed at the Flight Preparatory School here. They are: Lieut. W. O. Baskin, Lieut. John S. Radford, Lieut. Commander G. M. Lynch, Lieut. H. F. Blumberg, Lieut. John A. Springer, Ensign George McGinnis, Ensign Jack Belote, and Ensign George Baylis.

"The cadets think they are fortunate to be sent to Murray," Lieutenant Wiley said, adding

that it was meant in all sincerity and for publication.

The Murray Woman's Club has turned over its club house for the cadets. They may use it by making reservations.

"Of course, some of the first cadets to arrive here got homesick, but after two weeks at Murray they got over it and when they completed their training they really hailed to leave," the lieutenant added.

Those who have left Murray for additional training have written the cadets at Murray in such terms as this: "enjoy heaven while you can."

Athletes at Murray State seem to appeal to the cadets. Some of them have attended every basketball game played here since they have arrived. "And more would go every time if it were possible for them to do so," Lieutenant Wiley explained.

BOONE CLEANERS

All Of Us These Days Are "All Out To Win"

Today every one of us, you and me and every loyal American, is doing everything he can to speed Victory. Most of the things we are doing are small, but they do help—it is the small things that make us a strong nation, that make our combined war effort formidable!

There is no "business as usual" these days. Your grocer is rationing food to you, your telephone company is asking you not to make unnecessary calls, your telegraph company will not send your Christmas greetings, your service station closes at 7 o'clock, and so forth. Every business man is doing everything he can to help win the war. Because of his efforts, and because of conditions beyond his control, he cannot offer you the merchandise nor the service he could during peace time.

Boone Cleaners are engaged in war work, as are hundreds of other plants and workers in this great country of ours. Many soldiers at Camp Tyson, unable to obtain sufficient dry cleaning and pressing service elsewhere, are sending their clothes to us. We honestly believe

we are helping the war effort, at least in a small way, by pressing uniforms for our soldiers.

We are proud of our accomplishment in being equipped to offer these worthy American boys fine dry cleaning, and we sincerely hope that our boys who have gone from Calloway County will share in the quality dry cleaning in the respective parts of the nation to which they have been sent.

Out of the production methods we are learning in processing uniforms will come to Calloway County a finer dry cleaning at better prices than ever before considered possible.

We express appreciation for all past favors, and realize you have helped us establish and maintain the plant we now have in operation. And when Victory is won, we will give to Calloway County the finest dry cleaning ever before in our history.
